

THE NUTRACEUTICAL APPROACH FOR HEALTHY JOINTS AND CARTILAGE

Healthy, well lubricated cartilage acts as a shock absorber for joints.

Cartilage repair and regeneration is a normal function of the body.

Cortaflex® Capsules provide amino acids and saccharides that nutritionally support the body's production of Chondroitin and Glucosamine, which can promote the maintenance of healthy cartilage and joints, and support a varied diet.

Each Capsule contains less than 1 calorie of energy, and less than 1 gram of carbohydrates. Sugar, Salt, Gluten and shellfish content - Nil.

INGREDIENTS: Mucopolysaccharides - *32mg (16%),

Less than *2mg (1%) - Glucuronic Acid, Proline, Glutamic Acid, L-Glutamine, Aspartic Acid, Glycine, in a Cellulose Capsule. *(Content per Capsule)

Directions: Take two capsules per day for the first fourteen days. Thereafter, take one capsule daily. If you are taking medication, pregnant or breast feeding, consult your doctor before taking this product.

KEEP OUT OF REACH OF CHILDREN

Store in a cool dry place. Do not use if the foil under the cap is broken or missing. Best before date shown on the base of the bottle.
